**Activity:** SDG Poster Presentation by Academic/Non Academic Units

**Date:** 26 January 2026

An SDG (Sustainable Development Goals) Poster Presentation activity was organized on **26 January 2026**, bringing together academic and non-academic units of the Institute to showcase their initiatives and contributions aligned with the United Nations Sustainable Development Goals. The event served as a platform to highlight innovative practices, research efforts, administrative reforms, and community outreach activities undertaken by various departments in support of sustainability.

The programme was graced by the esteemed presence of **Prof. Padma Kumar Nair**, Vice Chancellor; **Dr. Gurbinder Singh**, Registrar; **Prof. R. S. Kaler**, Dean, Research and Development Cell; **Prof. Rafat Siddique**, Dean, Sustainability; **Prof. Kulbir Singh and Prof. Anoop Verma**, Associate Dean of Sustainability; along with faculty members from various departments, technical staff, and a large number of students.

Each department actively participated by presenting a thematic poster outlining its SDG-related contributions, measurable outcomes, and future action plans. The posters reflected interdisciplinary engagement in areas such as clean energy, sustainable infrastructure, responsible consumption, quality education, and community development.

A committee comprising senior faculty members evaluated the presentations based on clarity, impact, innovation, and alignment with SDG objectives. The event fostered awareness, collaboration, and healthy competition among departments. The best poster award was selected by the committee to recognize outstanding efforts in promoting sustainability within the institution.

The activity successfully reinforced the university's commitment to integrating sustainability principles into academics, research, administration, and societal engagement.
